GODDARD CENTER SAFETY PLAN FOR COVID-19
HELP STOP THE SPREAD

SCREENING, TEMPERATURE CHECKS
As of 3/23/21 Temperature checks will not be required for all including Patrons, Staff, Volunteers, and Contract labor

MANDATORY MASKS AND PERSONAL PROTECTIVE EQUIPMENT
a. All staff, workers, contractors, and volunteers will be required to wear a mask at all times that covers the mouth and nose
b. All visitors and patrons will be required to wear a mask at all times that covers the mouth and nose

PHYSICAL DISTANCING
a. Patrons will be seated at least 6 feet apart when possible
b. As of 3/23/21 there are no capacity restrictions

HANDWASHING AND ENHANCED SANITATION
a. Staff will follow CDC and EPA guidelines for disinfecting of all areas such as tables, chairs, arm rests, etc.
b. Hand sanitizer will be available in the lobby area and kitchen

HEATING AND AC CONTROLS
a. As scientific information becomes available about the virus, and as additional guidance from state and local authorities and our medical experts evolve, we will continue to review and adjust the operation of our HVAC systems, fully recognizing the important role they have in keeping employees and guests healthy and safe.

INCIDENT RESPONSE PROTOCOLS
a. We have many protocols in place that are aimed at reducing the chance the infection will spread on our properties. In the unfortunate event a student or employee tests positive for the virus, we will activate incident response protocols to ensure the infected individual has access to medical treatment, exposed areas are thoroughly sanitized and, when possible, notify those who may have come in close, prolonged contact with the infected individual.
